- B. Date -The actual date the form is completed.
- C. Number of packages-The actual quantity of the item being ordered.
- D. Size of package-The volume or package size of the item being ordered.(NOTE: This area is not for the strength of the item.)
- E. Name of item –The full description and strength of the item being ordered.
- F. Last line completed -The number of lines used to complete your order. (NOTE: The form has the potential of having 10 line items. This area is not for the total number of packages ordered; it's just for the number of lines completed.)
- G. Signature -Form must be signed to be valid. The signature should be of the doctor whose name is on the form or the person who has power of attorney for the doctor or facility.

These are the only areas on the form that should initially be completed. The form is a three-part form (brown, green and blue). Once completed, the brown and green copies should be mailed to the address of the facility in the TO: line of the form. Keep the blue copy. Once the product is received, the doctor should complete the blue copy of the form as follows:

- National Drug Code: NDC number on the product should be written on the form.
- Number of Packages Received: Quantity of item received.
- Date Received: Actual date product is received at clinic or facility.

Now you can order DEA Schedule 2 and Schedule 2N drugs online using pattersonvet.com.

The Drug Enforcement Administration (DEA) Controlled Substance Ordering System (CSOS) allows for secure electronic transmission of Schedule 2 and 2N controlled substance orders without the supporting paper Form 222. The electronically transmitted order contains a digital version of a traditional written signature. The digital signature is accomplished through the use of a computer file known as a digital certificate. Obtain a digital certificate, create an account and make ordering quick and easy by following three simple steps listed below. Once you've obtained the proper permissions, visit pattersonvet.com, click on Shop Now! and click the CSOS link to place your order.

Ordering qualifying controlled substances using the Patterson Veterinary website is as EASY AS 1,2,3

Obtain a DEA digital certificate and install it on your computer:

- Visit <http://www.deaecom.gov/applycert.html> to download an application, complete and return the application to the DEA and obtain a digital certificate.
- Visit http://www.deaecom.gov/import_IE.html for instructions on installing the DEA digital certificate on your computer.
- Log in to your pattersonvet.com account and click the CSOS link under the "Shop Now!" tab. Follow the link to the Digital Certification Test to ensure that your DEA issued digital certificate is properly installed on your computer.

Register with Patterson Express222 by emailing the following information to PVSExpress222@pattersonvet.com:

- DEA permit number
- Account name
- Primary phone number
- Email address you will be utilizing when ordering

Complete an email test:

- Log in to your pattersonvet.com account and click the CSOS link. Then click on the link for the email test. Enter your email address and the security code and click the "Send Test E-mail" button to have an email sent to you, ensuring you can receive CSOS login credentials and order status emails.
- Then click "Accept" on the pattersonvet.com site and proceed to the Express222 link to sign into your Express222 account.

Now that you have completed these one-time preparatory steps, you are ready to order your Schedule 2 and 2N drugs.
